

Memo for Members ~ May 6th 2019

Staff Holidays ~

The office will be closed for staff holidays May 9th – 23rd. Non-urgent messages can be left on the office phone and will be checked when the office re-opens. Access to email will be very limited. Megan in unit #43 will have the on-call cell phone for maintenance emergencies only. Megan will also have the shed key.

Sidewalk Chalk ~

The warmer weather we are finally getting seems to have brought out some young artists in the co-op. There are several chalk drawings, on the office walkway from the roadway right up to the door, as well names written on the walls and fences of the neighbouring units.

I know that a long newly paved walkway looks like a giant chalkboard for kids, but excessive chalking makes for slippery walking surfaces, and makes the area look very messy and unkept.

Members are to remind their children that there should be **NO** chalking on unit walls, or fences. If you send your child outside with sidewalk chalk, you are responsible for ensuring they are using it properly and not drawing on other member's areas. If you allow your child to use sidewalk chalk, have them use it on your walkway and driveway, not the office walkway or other member's units. Chalk is very difficult to get off the brick walls, even in the rain.

Lawn Maintenance ~

Reminder ~ If the grass cutters cannot access your lawn because of toys, chairs, garbage etc. your lawn will not get cut.

Please remember to pick up after your dog. There has been an increasing amount of dog poop left on the grass areas between units.

Thank you for your co-operation
