

Spring Clean Up Bins will be here on Friday May 18th

There will be three 40-yard bins on-site for 1 week.

Bins will be located in the following places:

1 – in the parking area at 100 Leggett Crescent across from units 14 – 17

1 – in the parking area between units #37 and #38

1 – in the parking area beside unit #50 ** scrap metal drop off beside this bin

Members are to make sure the **parking spaces in these areas are completely cleared by 8am Friday May 18th** in order for the bins to be dropped off.

The bins are for larger, bulk items only.

Your regular weekly household garbage must still be put out to the curb for pick up and ***not*** placed in the bins.

Scrap metal items are to be placed neatly beside the bin located in the parking lot by unit #50

Items must not extend past the top of the bins or they will not be picked up.

Please do your best to put the items in the back of the bin to maximize the space.

A list of items not permitted in the bins is on the back.

Thank you for your co-operation.

These items are **not** permitted in the bins:

- propane tanks
- ammunition
- leftover paint, paint cans and paint thinner, stains and varnish
- household cleaning products
- batteries
- fluorescent light bulbs
- tires, motor oil, gasoline and antifreeze
- aerosol cans
- Dirt, pesticides and fertilizers
- pharmaceuticals and bio-medical waste
